Dear Provider:

### *Introducing the Statewide Caregiving & Respite Coalition of NY*

The NYS Coalition for the Aging is proud to introduce the Statewide Caregiving & Respite Coalition of NY (SCRCNY). SCRCNY is a statewide intergenerational network of organizations, whose mission it is to provide support services for caregiver and respite programs by fostering cooperative efforts to develop public awareness, advocacy, professional development and fund development.

SCRCNY is a program of the NYS Coalition for the Aging, Inc. The startup funding for this project has been made available by the NYS Office for the Aging. The projects' goal is to organize statewide intergenerational caregiver and respite programs, develop a communication strategy and mechanisms to share best practices, education and training, other relevant caregiver and respite information and to position New York State, so that we may receive federal caregiving and/or respite care dollars.

We need the support, experience and expertise of providers like you, so that we are able to represent and advocate for the programs and services that are vital to caregiver/respite programs statewide.

### **Free 2009 - 2010 Membership to SCRCNY entitles you to:**

- SCRCNY newsletters and periodic email news bulletins and alerts;
- A 1-year subscription to the monthly edition of the NYSCA Caregiver Assistance News;
- Access to professional development trainings;
- Advocacy training – how to affect public policy;
- Technical assistance.

*Join us to help strengthen and expand critical caregiving and respite community based services in New York State!*

Sincerely,

Joanne B. Macklin  
Executive Director
